Spiritual warfare is a divisive subject for today's church. Some Christians focus solely on the immediate world around them, living as if there's no spiritual opposition to God's people and His kingdom. Others take an aggressive stance, where confronting the enemy becomes a constant pursuit in their lives. John MacArthur believes the truth is found between these extremes. Standing Strong offers a balanced, biblically sound approach to spiritual warfare in the life of a believer. A trusted and renowned pastor and author, MacArthur examines key scriptures to debunk modern fallacies, define true spiritual warfare, and share what that looks like for believers today. Throughout, you'll be encouraged and equipped to stand strong in the face of every spiritual challenge. Standing Strong includes a guide for both personal and group study, which features discovery questions, suggestions for prayer, and activities, all designed to connect life-changing truths with everyday living. From Justin Bieber, to Sarah Palin and Michele Bachmann, to the controversial documentary Jesus Camp (2006), the New Apostolic Reformation's influence can be seen everywhere in mainstream America. Sadly, poor teaching and great misunderstanding have led many Christians to reject any notion of so-called "dominion theology." This has left the dominion mandate that Jesus imparted to all believers woefully unfulfilled. Dr. C. Peter Wagner understood that the reformation of society was never intended to come through man's ideas and agendas; it could only be achieved through bold, empowered believers, intentional about reforming their culture through Kingdom principles and vision. The strategic keys and revelation Dr. Wagner presents in Dominion! are perhaps more relevant today than when he first penned them. A collection of the original book release and its revised edition, this new edition of Dominion! features Dr. Wagner's helpful perspective on theocracy and the tragic misunderstanding of dominion theology. Peter Wagner has been at the leading edge of the key spiritual paradigm shifts that have been accompanied by major moves of the Holy Spirit. In the 1960s the missionary movement in South America was at its peak--and Dr. Wagner was there. In the 1970s he was a recognized authority in the church-growth movement. In the 1980s he taught a popular course at Fuller Seminary with Vineyard movement leader John Wimber that advocated praying healing for the sick, spiritual mapping, identificational repentance and spiritual warfare. Dr. Wagner coined the phrase Third Wave to describe this fresh move of the Holy Spirit--the impact of which is still being felt today. In the 1990s he became a leader of the New Apostolic Reformation, and in the new millennium he has championed the Dominion Mandate, adopting the Seven Mountain (or 7M) template for reclaiming the culture for God's kingdom. For five decades, Dr. Wagner has led the church from one great move of God to the next, riding the wave of the Spirit through changes he never imagined when he first answered God's call to ministry. Leading evangelical mission experts offer a comprehensive theology of mission text, providing biblical, historical, and contemporary perspectives. Over the last two decades, a new theory and practice of spiritual warfare has taken hold around the world. This teaching proposes the existence of "territorial spirits." Along with the theory has come a new practice of spiritual warfare, ruling demons are named, their territories identified, and they are then bound or cursed. *The Battle Is Ours!* "Our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world" (Eph. 6:12 NIV). For generations when Christians have engaged in spiritual warfare, most of the time they have focused on "satan" as the main opponent. However, C. Peter Wagner has gathered together a number of ministers who teach from personal experience that the "principalities and powers" are more than just satan--there is an entire hierarchy of demons in this world. Often, missionaries and ministers are finding that they have far more success in an area when they first go to war in the spirit and in prayer against the evil power that rules a certain region. C. Peter Wagner has compiled this book of many voices, speaking from Scripture and personal experience, teaching the reality of territorial spirits and the necessity of waging targeted, powerful warfare against them in order to reach the souls these evil powers have held captive for too long. You will learn:

- There is an entire hierarchy of demons in this world, many with specific geographic territories.
- Once a territorial spirit's power is broken, ministry in that area can be far more effective.
- How to go to war against evil spirits to break their power over the people of a region.

Christians must take to heart what the Bible teaches about spiritual warfare. *Arm yourself with this book!* Much in the Church is being touted as biblical spiritual warfare, even to changing it from being spiritual to be geographical. This book criticizes spiritual warfare teaching, comparing it to the Bible and offers a biblically reasoned discussion on spiritual warfare. *You Can Be a Part of God's Great*

*Release of Wealth!* The Bible proclaims a coming day when God will release a great transfer of the world's wealth into the hands of His people. Why would God divert the world's wealth in such a manner? Wouldn't such an enterprise be driven by greed or the evil spirit of mammon? Or might there be a higher purpose? Revered author C. Peter Wagner delves deeply into this amazing prophecy, showing how God will bring about a miraculous, worldwide financial transformation so that the Great Commission will be fulfilled and His kingdom will be established on earth. And these things will be witnessed by this generation! With great wisdom and clarity, Wagner describes... The proper uses of this wealth The mechanism of its distribution The goals it is intended to achieve How the newly financed church will use its "seven mountains of influence" to change the world God is poised to shake the world's financial foundations to their core. All Bible-believing Christians need to take steps to be prepared, for they will be the ones God uses to receive this blessing, influence the world, and help to fulfill Jesus's Great Commission. Experience Pentecost. Look on as 130 converts shake a city. Meet Paul. Go with him as he plants the first Gentile church. Extend the kingdom's power and see the enemy upset. Walk with Paul as he travels to Corinth, Antioch, Ephesus and beyond. For those desiring to be a part of God's action in their churches, their communities and throughout the world, there is nothing that will help more than thoroughly understanding the book of Acts and applying what we can learn from it. The reader's study of Acts in *The Book of Acts* will bring new intimacy with the Spirit and new joy in doing His will. Right now, someone you know is in desperate need of your prayers. Discover how Jesus and the early Church overcame the enemy—and you can overcome too. We live in a day when the Holy Spirit is speaking strongly to the churches about aggressively retaking the dominion over creation that Adam forfeited to satan. This level of spiritual warfare is a new ministry area to many Kingdom-minded believers. Spiritual Warfare Strategy provides a biblical and theological rationale as well as practical tools for advancing God's Kingdom. Dr. C. Peter Wagner examines the role spiritual warfare played in Christ's ministry and among His first followers and applies it to today's battle. Right now, in this world, Satan's forces are waging war against Christians and the kingdom of God, an the authors of this book explain through both Scripture and personal exerieence, part of Satan's battle plan is assigning demons from his ranks. As Christians, we are in the trenches of a violent war. It is more real than our Western mindset has led us to believe. Since the spirit world - where demons attack us daily - seems to us somehow less real than the tangible, material world in which we live, we think that it's nothing to fear. But this perception is fearfully wrong. The frightening fact is that in trying to deny the reality of the spirit world, we have made ourselves more vulnerable than ever to the attacks of dark angels. In Wrestling with Dark Angels, some of today's most respected theologians offer their views on spiritual warfare and how the Christian can deal effectively with its dangerous powers. Are evil spirits assigned to geographical areas? The theme of territorial assignment in the demonic kingdom is one rarely touched upon by theologians, making this book unique in the study of spiritual warfare. The book has been edited by C. Peter Wagner, one of the most highly respected of all teachers in this area, and contains contributions from many key church leaders. None of the contributors lay claim to being the final authority on the topics covered but offer their theories and insights regarding spiritual warfare for the reader's consideration. As well as discussing the theoretical principles involved, the book also records the experiences and discoveries made by practioners of strategic spiritual warfare. Nigeria, once a

hopelessly beleaguered society, has risen from the ashes and is a spiritually revived nation. One of the main contributors to this book states: "It is safe to say that the Church and effectual prayers have kept our nation from complete anarchy and genocide. The impact of Christianity is evident wherever you go. If you look a little deeper, listen a little closer, you will see and hear the myriad changes that are subtly transforming our nation into a nation that truly fears the Lord." The miraculous is evident in the church of Nigeria. Out of Africa offers the testimony of numerous Nigerian pastors who are making a difference for God all over the world. Learn from churches who are experiencing a radical move of God. This work distinguishes three levels of spiritual warfare: ground-level spiritual warfare, concerned with the casting out of demons; occult-level spiritual warfare, which deals with opposition to occult practices; and strategic-level spiritual warfare, which addresses territorial spirits. The topic of spiritual warfare is an issue of ongoing interest in a number of sectors of the contemporary church. This four-view work brings together leading theologians and ministry leaders to present major views on spiritual warfare in dialogical fashion--all authors present their views and then respond to each of the other views. Contributors include: • Walter Wink with Gareth Higgins and Michael Hardin • David Powlison • Gregory Boyd • C. Peter Wagner and Rebecca Greenwood This volume provides a balanced, irenic approach to a much-discussed and often controversial topic. Offering a model of critical thinking and respectful dialogue, it highlights the differences between contributors, discusses a full range of important topics on the subject, and deploys biblical as well as theological arguments. The Journal of Biblical and Theological Studies (JBTS) is an academic journal focused on the fields of Bible and Theology from an inter-denominational point of view. The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world. JBTS is concerned with presenting high-level original scholarship in an approachable way. Academic journals are often written by scholars for other scholars. They are technical in nature, assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high-level scholarship and research to both scholars and students, which results in original scholarship that is readable and accessible. As an inter-denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular, we encourage articles and book reviews within the fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy, and Ethics.
