Kalyana Varma, the famous author Saravali belonged to the 10th century AD. He was the king of a place called Vyaghrapada, believed to be somewhere in Madhya Pradesh. From the verses in this work it is obvious that he has studied the works of Parashara, Varahamihira and Yavana etc before him, and as he felt that they were too brief, he decided to elaborate the principles. Saravali indeed is a monumental work and the study of it is a must for the serious students of astrology. We published the first edition of the Vedic Astrology Practitioner Manual in March 2017. Many readers enquired about my notes on advanced topics. Finally, I am pleased to share my notes with all of you. In this book, I have covered Nonluminous planets or Upagrahas, Vivshotthari Dhasha, Vargas or Divisional Horoscopes, Grahas and Bala or Planetary Strength, Ashtakavarga, Gochara or Transits, and Nashtajataka or lost horoscopes. While making my notes I referred to many classical texts including Bruhat Parashara Hora Shastra, Hora Saar, Hora Shathak, Jatak Chandrika, Jatak Tatwam, Chandra Kala Nadi, Sarvartha Chintamani, Uttarkalamrutha, Shambhu Hora, Shripathi Paddhati, Faladeepika, Jataka Parijata, and Saravali. This is Volume 2 of a total 2 volumes of this Title. The special focus of this book is to make the ardent readers aware of the salient features of this Vedic text on astrology and how it is distinct from the other

transcripts on the subject, available thus far. Great concerted efforts were made to collect, collate and combine all the available manuscripts and other related published material contributed by the eminent contemporary writers and commentators and then the sequence of subject matters is aligned to make it comprehensible and authentic. The name of this holistic text is also as per the ancient statement and record, namely 'Parasara Hora'. This book adduces certain critical and important features which were never attempted before. This book in one hundred chapters falls in line with the description or narration: "ॐ नमो भगवते वासुदेवाय" verse as appeared in the Uttara Khanda of the text collated by Shridhar. Amongst the other contemporary writers of such treatise, Sitaram Jha, Devchandra Jha, Tarachand Shastri to name a few, have formatted this text covering between 71 and 101 chapters, but in most of the cases 20 odd chapters were not from 'Hora Shastra'. These details are available in the introductory note: 'The specialties of this book'. This note also minutely explains the deletion of inapt Shlokas, the addition of relevant Shlokas and also some Shlokas have been rearranged purposefully so are the chapters. Besides, the treatment of some of the subjects is so unique that will fill the void for the readers to experience. These 20 odd supplementary researched chapters culled out of the published and manuscript materials are unavailable in any text of the Brihat Parasara Hora Shastra (BPHS) of the present time. Trust with this value addition, the esteem readers will get immensely benefited. There are several books written by eminent writers on this subject but there is not a single book which has covered all technical and scientific information and observation experienced by modern scientist of the Era like 'Hippocrate' (father of the medicines), Dr. William Mckay Davidsion M.D. of Chicago, Dr. Kirillian of Russia, Upanishads of India (a great scientific book of ancient time which is a challenge to medical sciences and modern rescearchist and many more). It was therefore my strong desire to produce such a work on this subject of 'Astrology which would be completed in all respect and there would arise no necessity of referring to any other book on this subject. The easy and accurate way to interpret your future! In simple language, this book explains how to choose favorable options in education, career, profession and business; to predict wealth and prosperity, success in love, romance and marriage, the state of health and longevity, happiness and harmony in life. It provides guidelines to convert opportunities to advantage. It thus enables us to be the mater, rather than be a prisoner of our destiny. The book introduces and explains the ancient Indian knowledge and wisdom of Predictive Astrology, the Jataka Shastra, as practiced and perfected over the centuries. It will help you understand how planetary influences shape your personality and predetermine major events in your life, thus providing you with the power to master your destiny and plan your future accordingly. ABOUT THE BOOK:-----The present book describes the mysteries, i.e. the hidden Astrological secrets of love, friendship and marriage and when the effects would fructify. The importance of love, friendship and marriage in life can never be o Our ancient sages (Rishis) have introduced such a fine method in Horashastra that can help us find out the benignity and malignity of planets and their influence on the life of mankind. They produced a system that can be helpful in finding out the lines and points. The system is called Ashtakavarga. By this system it is easy to find the good and evil effects of the deeds of a man. Even a learned and well-educated astrologer cannot attain the desired success without the knowledge of Ashtakavarga. It is not possible to find out the benefic and malefic results caused due to the merits and demerits of the horoscope of a person without the knowledge of Ashtakavarg. The author of this book had started studying the system some twenty years back and came to the conclusion that there is no system better than this that could make an accurate prediction. By Ashtakavarga, all the malefic and benefic outcome of the deeds of a man can be found out scientifically. With the help of this system a minute prediction can be cast. A fine theory of the relation between individual and society is applicable on this system. There can be some differences on the results predicted by Vimshothari and transit on the basis of planets and houses, on signs and ascendants. In these circumstances, how can a true prediction be made? That is why, the ancient astrologers have advised to use the Ashtakavarga system. It is very hard to find out the effects, time and nature of a planet by the common theories of Falit, but by this system, this is possible. For instance, a planet will enhance the influence related to its own house if it is conjoined with or aspected by benefic planets while situated in own, exalted or friendly sign. This is a widely accepted theory. But the question is what enhancement will take place in the sphere of the said aspect by that particular planet i.e. what will be the ratio of the benefic and malefic results? It is in this regard that the Ashtakavarga system is considered to be very authentic and decisive. With its help, prediction regarding the ratio of gains, auspicious directions, gains from brothers, results of planets in transit etc. and the age, wealth, education, wisdom, relation between husband and wife, happiness, property, land, vehicle and deeds of a man can be made easily. Basic knowledge of Vedic Astrology is a prerequisite to understand and enjoy reading Dots of Destiny. The entire edifice of astrology rests on the interpersonal play of planets in the backdrop of zodiacal signs. Ashtakavarga is the only method which puts this interplay into a competent system. A planet will do a job according to its strength. The other methods Shadbala (Parashari), Panchavargiya bala (Tajik), or Grahabala (Jaimini), have their own specific value, but they all seem to miss a very important point. And that is, that a planet does not operate in a vacuum, the other six planets are always somewherearound. Therefore, a planet will do a job only in as much measure as the other planets would allow it to do. The other planets either support its assignment or oppose it. In a nutshell, the native, at all times, experiences the combined results of all the planets. It is only a manner of speech amongst astrologers that a particular planet is causing trouble or otherwise because talking of all the seven planets in the same breath is difficult. It is for this reason that the Ashtakavarga system, when we say that Jupiter is powerful because it has 7 Bhinnashtaka bindus, or 42 Sarvashtaka bindus in a sign, what we mean is, that all the planets have gathered together to invest into Jupiter this power. In no other branch of astrology this truly democratic approach is visible so clearly. If there is any sanctity or rationale of Ashtakavarga in the birth chart, it ought to be explored in other charts too, since in all the charts, it is always the interplay of planets with each other that causes events. Whether the results of this exploration are acceptable to the astrologers, by and large, will depend on successful predictions made by the explorers using Ashtakavarga techniques. If and when a sufficient statistical proof is available, then these techniques may be inducted into astrological dicta of the present times. Ashtakavarga seems to be progressively getting out of bounds for those orthodox astrologers who, before they accept an astrological idea, keep propping up the refrain, "Where is it written in the classics?" This book is about Timing of Marriage with the help of 40 Parametres (atleast 50% necessary) out of 57 Parametres for confirmation of actual date of Marriage.
